Making The Valley Green

Cut Sheet

King Blue™

Alpha Sod has created a mixture of blue grass that combines the top seed varieties in all categories. This mix gives us excellent wear tolerance, disease resistance, and of course color! Alpha Sod uses seed only rated the highest in its category based off the National Turf-Grass Evaluation Program (NTEP). Excellent farming practices combined with rich fertile fields located at optimal growing elevation ensures that we provide the absolute best product possible for our service area.
